

Registration of Self Propelled Mobile Machinery

Please note that vehicles which come within the scope of Type Approval procedures under the EU Directives:

2002/24/EC (as amended)	Two or Three Wheel Motor Vehicles
2003/37/EC (as amended)	Agricultural and Forestry Tractors
2007/46/EC (as amended)	Motor Vehicles (carriage of passengers and goods)

are **excluded** from this procedure

Registration requests for Mobile Machinery must be accompanied by the following documentation:

(1) If New (Un-Registered)

- (a) Declaration of Conformity under the appropriate Machinery Directive and
- (b) Declaration from Manufacturer/Distributor that Mobile Machinery meets the requirements under the
 - Road Traffic (Construction, Equipment and Use of Vehicles) Regulations;
 - Road Traffic (Construction and Use of Vehicles) Regulations;
 - Road Traffic (Lighting of Vehicles) Regulations and
- (c) If the Mobile Machinery comes within the scope of the Non Road Mobile Machinery Directive the relevant Declaration of Conformity relating to the emissions.

**For Mobile Machinery first placed on the EU market after 29 December 2009, the Machinery Directive Declaration of Conformity must be issued under the 2006/42 Directive.*

(2) If Used (Registered)

- (a) If the Mobile Machinery has been registered previously in another Country, the registration document issued by that Country's appropriate Competent Authority.
- (b) If the vehicle has been used but not registered the machinery is classed as new for registration purposes and the documents outlined above are required.

If the said documents are not presented, registration **will not** take place.

Presentation of Self Propelled Mobile Machinery

Mobile Machinery is required to be presented at the NCTS at the time of registrations. However, in certain instances Mobile Machinery in conformant with the relevant Machinery Directives is not required to be presented at a NCTS Centre. In such cases

a photograph of the particular machinery item along with a photograph of the Serial Number must accompany the relevant documentation.

When making an appointment with the NCTS for registration please confirm if the mobile the mobile machinery needs to be inspected.

Presentation of Mobile Machinery at the NCTS is not required for the following

All mobile machinery over 5 tonne

Mobile Cranes

Bulldozers

Dumpers

Construction Machinery
